EXAMINER'S COMMENTS

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the prior art could not alone or in combination anticipate or make obvious a method of wrapping with two wrapping units, in which product is transported on a conveyor, a first wrapping unit forms a tube of film then moves into the path of the conveyor so that the product can be inserted and then sealed; and the second wrapping unit is positioned to the side of the conveyor and making another tube of film so that the second tube of film can be positioned on the conveyor when the first one has been sealed and conveyed away.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
